Part III Statement of Program Service Accomplishments

Check if Schedule O contains a response or note to any line in this Part III

1 Briefly describe the organization's mission:

Northern Plains believes people working together can make a difference. Our mission is to organize Montanans to protect our water, land, air, and working landscapes; support a healthy, localized, and sustainable economy in farm and ranch country and in our towns; and build strong grassroots leaders, always considering the next generation.

2 Did the organization undertake any significant program services during the year which were not listed on the prior Form 990 or 990-EZ? Yes No

If "Yes," describe these new services on Schedule O.

3 Did the organization cease conducting, or make significant changes in how it conducts, any program services? Yes No

If "Yes," describe these changes on Schedule O.

4 Describe the organization's program service accomplishments for each of its three largest program services, as measured by expenses. Section 501(c)(3) and 501(c)(4) organizations are required to report the amount of grants and allocations to others, the total expenses, and revenue, if any, for each program service reported.

4a (Code:) (Expenses \$ 348,623 including grants of \$ 0) (Revenue \$ 0)

Agriculture, Local Food, and Healthy Soils: Northern Plains approached our work on agriculture from several angles. We strived to support the work of family ranching operations by working to support the advancement Country-of-Origin Labeling (COOL) at the state and federal levels. We also played an active role in efforts to reform meatpacking monopolies that jeopardize prosperity in rural areas and worked with elected leaders to incorporate support for conservation and agriculture programs in the Build Back Better Act. Northern Plains continued our support for local foods by hosting the 6th annual Montana Local Food Challenge. In order to build grassroots support for both soil health policy and practice, we hosted multiple Soil Crawl events that drew attendees from across the state to learn about sustainable soil practices. We also participated in the GROW Montana coalition to coordinate soil health policy work with other groups around the state.

4b (Code:) (Expenses \$ 323,361 including grants of \$ 0) (Revenue \$ 0)

Clean Energy and Climate Change: Northern Plains led efforts to pass CPACE (Commercial Property Assessed Capital Enhancements), legislation designed to make clean energy upgrades more affordable and accessible, during Montana's legislative session. We then leveraged grassroots support at the local level to assist with rulemaking and adoption by individual counties across Montana. CPACE stands to be a significant player in rural and agricultural investment energy efficiency and renewable energy improvements for local businesses. Our grassroots efforts at the Montana Legislature helped prevent the passage of several bills aimed at making renewal energy more expensive and less accessible to Montanans. We continued our work with Rural Electric Coop members to promote renewable energy and advocate for transparent and democratic governance in local co-ops. Given the limited access to information and professional support for home solar installations, our members organized Solarize efforts in several communities to help many local residents have solar panels installed on their homes and businesses.

4c (Code:) (Expenses \$ 242,046 including grants of \$ 0) (Revenue \$ 0)

Coal and Coal Transition: In order to stand up for the rights of Montana consumers, Northern Plains fought to ensure that the Montana Public Service Commission effectively regulates the monopoly energy provider, NorthWestern Energy. At the Montana Legislature, we fought efforts to weaken Montana's coal reclamation laws and ultimately strengthened regulations related to reclamation bonding and safeguarding water quality. Northern Plains continued to pressure the Montana Department of Environmental Quality to require thorough reclamation of toxic fly ash in Colstrip. In order to ensure a fair and just federal coal leasing program, Northern Plains collected comments from members across the region and helped a member-leader provide testimony to the House Natural Resources subcommittee. In the Bull Mountains, Northern Plains organized ranchers and community members to stand up for their land and water rights in the face of the proposed expansion of the Signal Peak underground longwall coal mine.

Form 990, Part III, Line 2 - Northern Plains has a long history of confronting power imbalances and promoting justice in our program work. We recognize that our world and work are shaped by racism and other injustices. We expanded our program work to include a task force dedicated to increasing our collective understanding of the power structures at play in our work and to making recommendations to our board for actions that will address the impacts created by those injustices.

Form 990, Part VI, Section A, Line 1a - In addition to the Board of Directors, we also have the Organization and Finance Task Force which is authorized to act on behalf of the Board of Directors if decisions must be made before the full Board of Directors can be convened. The O&F Task Force is composed of officers from the Board of Directors as well as individuals who hold certain positions described by our bylaws. The purpose of the O&F Task Force is to oversee the administration and finances of Northern Plains. The O&F Task Force reports to the Board of Directors on all of its meetings.

Form 990, Part VI, Section A, Line 6 - We are a democratically-operated membership organization composed primarily of members who donate their time and resources to the organization for the purpose of directing and fulfilling program goals. We do not have stockholders or different classes of membership. All members in good standing are eligible to vote for officers and at-large board members annually. All members present at the Annual Meeting can introduce and vote on policy resolutions.

Form 990, Part VI, Section B, Line 11b - The form 990 is prepared by the Director of Finance & Administration, reviewed and edited by the Executive Director and Director of Fundraising, and then distributed to the Organization & Finance Task Force and Board of Directors for final review. Upon review by the Board of Directors, the form 990 is also posted on our website.

Form 990, Part VI, Section B, Line 12c - The Board of Directors reviews policies and procedures, including the Conflict of Interest policy from time to time. Every board member is issued a guidebook annually that includes several relevant organizational policies, including the Conflict of Interest policy.

Form 990, Part VI, Section B, Line 15 - All members of the Organization and Finance Task Force are asked to complete a written evaluation of the Executive Director annually. The Chair of the Board and Chair of the O&F Task Force hold a meeting with the Executive Director to conduct a performance evaluation and determine salary adjustments. The Executive Director determines all other salaries within guidelines set by the O&F Task Force. Salaries are based on experience, performance, and completion of work plans. The Executive Director and O&F Task Force review salary and compensation surveys for the region periodically to ensure salaries stay within reasonable parameters.

Form 990, Part VI, Section C, Line 19 - Financial statements are reviewed at every board meeting and at our annual meeting. Any member in good standing can request financial statements, governing documents, or our Conflict of Interest policy; we do not normally furnish this information to the general public.

	<p>NorthWestern Energy announced plans to build a methane-fired power plant in Laurel, MT, and Northern Plains acted swiftly to fight the plant's construction. This included conducting a canvass to deepen relationships with the surrounding community and to connect community members with opportunities to oppose the plant. We participated in the federal methane rulemaking process to help limit methane pollution from oil and gas production. We continued to monitor the disposal of radioactive oil waste in Montana and ensure newly adopted rules were properly implemented and enforced. We continued our work to administer the Stillwater Good Neighbor Agreement helped protect key watersheds in the area of a large metal mine including the adoption of an Adaptive Management Plan to improve groundwater monitoring standards. Northern Plains supported our 12 local affiliate groups across Montana, and conducted organizing assessments in two additional communities.
